

UNIVERSITY OF LEEDS

BDQoL The Behçet's Disease Quality of Life scale

A Quality of Life (QoL) questionnaire consisting of 30 statements made by people who are living with Behçet's Disease, together with Scoring.

A Quality of Life (QoL) questionnaire consisting of 30 statements made by people who are living with Behçet's Disease (BD-QoL), together with Scoring.

Commercial Licences:

If you are interested in using the BD-QoL for commercial purposes, including clinical, organisational, or consultancy applications, please get in touch to discuss licensing options. We offer licence agreements to suit different commercial needs.

Contact us at enquiries@licensing.leeds.ac.uk to begin the conversation about commercial licensing.

Academic/Research Licences (available to order):

The BD-QoL was originally developed in the UK/English. It is available for academic and research purposes under the following terms:

- Original UK/English version: Free of charge for academic/research use only (i.e. strictly non-commercial purposes).

Translations:

Arrange your own translation of the original UK/English version (subject to licence terms), or

Purchase an official translation for academic/research use at a cost of up to £350 (excl. VAT) per language.

You can request translations during the checkout process
(coming soon)

- Approval Process: All licence requests are subject to review and approval.
- Eligibility: Academic/research licences are only granted to individuals affiliated with a university or recognised research institution.
